

6 READING TIPS TO HELP YOUR CHILD RIGHT NOW

1. Cover the initial sound or break words into parts by covering each sound.

2. Slide finger under the letters in the word as you pronounce each letter sound to help with blending.

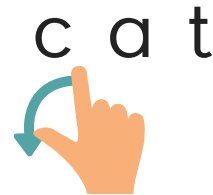

3. Use a reading guide for increased accuracy.

4. Air write difficult to remember words.

5. Use repeated reading books and audiobooks.

6. Help your child visualize what they are reading to improve comprehension. Tell them they should be making a movie in their minds.
